ACCELERATE YOUR DIGITAL
INKJET JOURNEY WITH OUR
TECHNICAL SERVICES TEAM.

WE'RE DIFFERENT!

Here at Global Graphics Software we understand how difficult it can be to get started on your digital inkjet journey, so if you have Global Graphics' technology in your press, our Technical Services team is ready to offer expert advice and guidance.

Unlike other technical services groups our aim is to accelerate your project to market so that you get to revenue quicker. We don't exist to generate revenue from consultancy, we're here to get you shipping with Global Graphics Software technology. So if you want engineers to help drive your projects to revenue get in touch with technical-services@globalgraphics.com

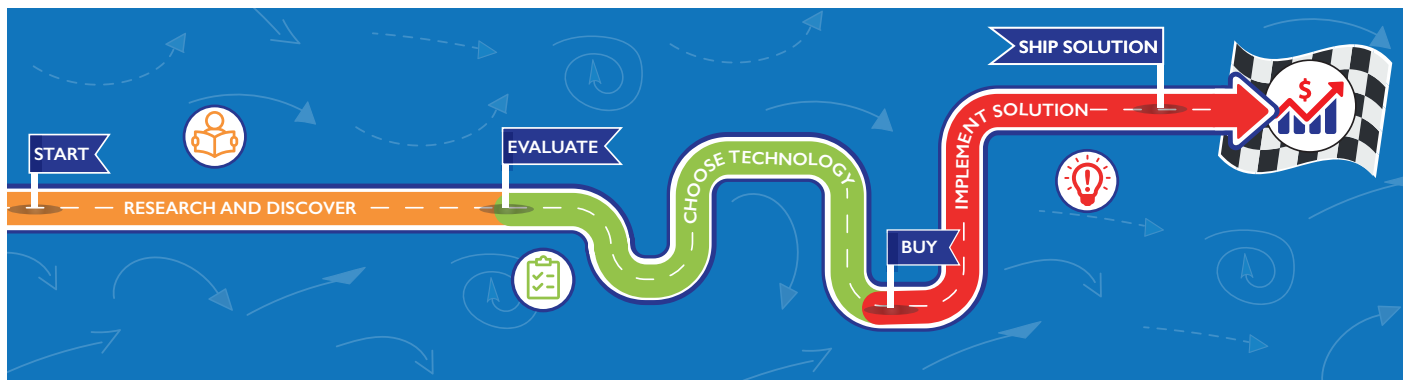

YOUR DIGITAL INKJET JOURNEY WITH TECHNICAL SERVICES

We pride ourselves on offering a personal, friendly service and work with you to ensure the best possible outcome, so you can get value for money out of your press.

The Technical Services team is there to help develop new components and prototype technologies and provide support for every stage of your project. Our aim is to help you get to market sooner.

EDUCATE

Try our digital inkjet training courses and workshops to learn what you need to build a press with digital software.

EVALUATE

Dedicated Technical Service team members help you get started and evaluate our technologies.

BREAKTHROUGH

Use the experts from our BreakThrough service to break into your market and start shipping sooner.

It's teamwork. We work with you, providing additional, expert resource, to break through those problems that are preventing you getting to revenue.

The aim of the Global Graphics Technical Services team is to accelerate your product all the way over the finishing line. They can inject your project with the knowhow and energy that will help you succeed in record time.
